

Hi there. We're Poynt.

At Poynt we think all merchants (and merchant service providers) should have access to sophisticated technology, without compromising security or user experience.

So we built a new way to pay. An all-in-one smart terminal that accepts all of today's payment types, and is future-proofed for tomorrow's too. MSR, EMV, NFC - the works.

Spec Sheet: Merchant Facing Screen

7" Touchscreen Display
800(w) x 1280(h) pixels tvdpi

Spec Sheet: Customer Facing Screen

4.3" Touchscreen Display
800(w) x 480(h) pixels tvdpi

Dedicated Secure Processor

Power Button

QR Code &
Barcode Scanner

Thermal Printer

NFC Antenna (surrounds touch screen)
