4. Micro USB port for possible charging capability (cable not included)

Specs:

Height: 1.28 in (32.6 mm)
Width: 2.228 in (59 mm)

Depth: 0.52 in (13 mm)
Weight: .664 oz

Environmental Requirements:

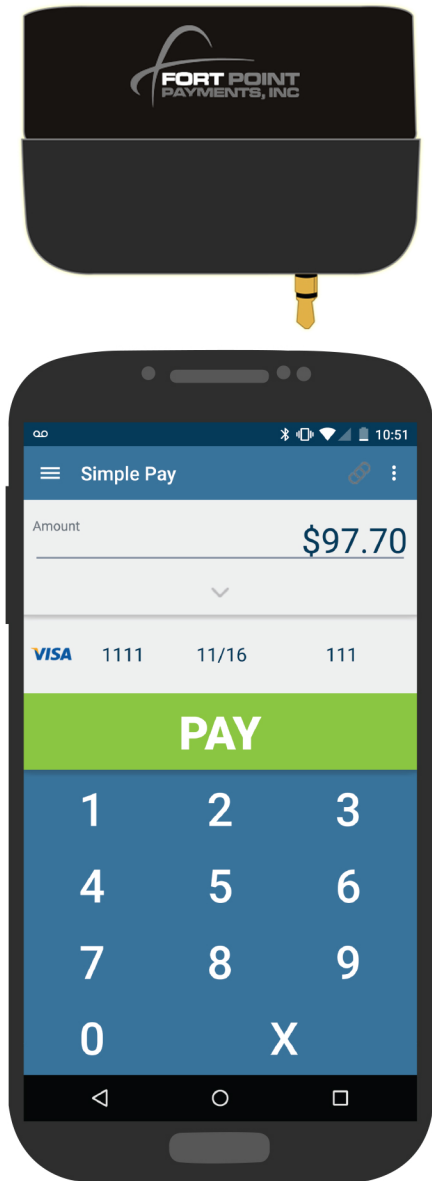

Operating temperature:
32° to 131° F (0° to 55° C)

Maximum humidity:
95% noncondensing, dry storage

Storage temperature:
-22 to 158° F (-30 to 70 C)

SBR JACK

Process Credit Cards
Anywhere

How Does The SBR-Jack Work?

Plug the SBR-Jack into the audio plug of your mobile device, and start accepting credit cards.

The SBR-Jack is a two-track, encryption capable magnetic stripe reader that works with a wide variety of mobile platforms, including Apple, and Android. Use your mobile device to read credit cards, signature debit cards, and gift cards.

The SBR-Jack reads information with a single swipe in either direction, providing superior reading performance for your mobile device. A merchant account is required to accept credit card transactions. Mobile device not included.

Security

The SBR-Jack is a two-track, encryption capable magnetic stripe reader that works with a wide variety of mobile platforms, including Apple, and Android.

Features

- . Plugs into audio headphone jack – no cables or batteries
- . Reads up to two tracks of card data
