

SBR

Go

Accepting Credit Cards When Every Second Matters

How Does The SBR-Go Work ?

SBR-Go is an Apple Certified product, compatible with all the new Lightning connected devices and secured with end-to-end (E2E) encryption. Simply plug the Go into the 8-pin lightning connector and you are ready to start processing.

SBR-Go was designed with ease of use in mind, and allow data transfer per Apple specifications, allowing payments to be taken securely when every second matters.
